

JEROME D'MELLO

Frontend Engineer · React / Next.js · Full-Stack JavaScript

Mumbai, India | +91 7208408259 | jeromeb4u@gmail.com | linkedin.com/in/jerome-dmello | github.com/jeromeb4u

PROFESSIONAL SUMMARY

Frontend engineer with 6+ years of experience building and leading large-scale web applications for global enterprise clients in banking and telecommunications. Led a 25-engineer team through a legacy AngularJS to Angular 16 migration with micro frontend architecture; delivered BI reporting portals used by thousands of employees. Since 2025, independently designing, building and operating production React/Next.js applications and AI-powered tools end to end — including a bilingual English/German content platform on Next.js, Payload CMS and PostgreSQL. TypeScript-first, test-driven (80% unit coverage), experienced with CI/CD and distributed, cross-time-zone teams. German: Goethe-Institut A1 certified, currently pursuing B1.

TECHNICAL SKILLS

Frontend: React, Next.js (App Router, SSR/SSG/ISR), Angular 2–16, AngularJS, TypeScript, JavaScript (ES6+), HTML5, CSS3, SASS, Tailwind CSS, NgRx, Micro Frontends, Responsive Design, Web Accessibility

Backend: Node.js, Express, REST APIs, PostgreSQL, Payload CMS (headless CMS), serverless deployment (Vercel)

AI & Automation: Anthropic Claude API, OpenAI API, LLM integration, AI agents and workflow automation, prompt engineering

Testing & Quality: Jasmine, Karma, unit and integration testing (80% coverage strategy), code reviews, ISTQB-certified testing fundamentals

Tools & Practices: Git, GitHub, GitLab CI/CD, Agile/Scrum, internationalization (i18n), SEO (structured data, sitemaps, Open Graph), offshore team leadership

PROFESSIONAL EXPERIENCE

Freelance Frontend Engineer — React & AI Applications

Feb 2025 – Present

Independent clients & own products · Remote

- Design, build and operate production web applications and AI-powered tools end to end for founders and small businesses — from requirements and UI design to deployment and maintenance.
- Built a bilingual (English/German) portfolio and content platform with Next.js 16, Payload CMS 3, PostgreSQL (Neon), Tailwind CSS 4 and Vercel: localized routing with next-intl, SEO with structured data, sitemap and dynamic Open Graph images, an admin-editable CMS backend, and legally compliant imprint/privacy pages for the German market.
- Integrate Anthropic Claude and OpenAI APIs into agents and automation workflows that remove manual work for business owners.
- Stack: React, Next.js, TypeScript, Tailwind CSS, Node.js, PostgreSQL, Vercel.

Technology Lead — CPQ Platform Modernization

Jun 2024 – Jan 2025

Infosys Limited, Pune · Client: Optus (Australian telecommunications operator)

- Led a 25-engineer offshore team migrating a large-scale B2B Configure-Price-Quote (CPQ) platform from legacy AngularJS to Angular 16 with a micro frontend architecture, improving maintainability and usability for the client.
- Designed and enforced the unit testing strategy (Jasmine/Karma), raising test coverage to 80%.
- Owned technical decisions, code reviews and delivery coordination with client stakeholders.

Technology Lead — Customer Acquisition & Sales Portal

May 2023 – May 2024

Infosys Limited, Pune · Client: US-based enterprise

- Led the technical side of a full website redesign and the build of a new customer acquisition and sales portal.
- Managed a distributed team of three (two offshore, one onshore) with daily cross-time-zone collaboration and direct client communication.

Senior Developer — BI Reporting Platform

Aug 2021 – May 2023

Infosys Limited, Pune · Client: Truist Bank (US)

- Delivered a unified BI report portal used across the bank, building custom portal pages on the MetricInsights platform.
- Gathered requirements directly from client stakeholders and acted as coordinator between onshore and offshore teams.
- Self-initiated frontend development reduced the client's reliance on external consultants, saving cost and turnaround time — acknowledged in written recommendations by two client VPs.

System Engineer — Internal Platforms

Sep 2019 – Aug 2021

Infosys Limited, Pune · Training Division

- Built JavaScript-based internal tools: automated test case generation, attendance management, and a knowledge portal.

EDUCATION

Master of Computer Applications (MCA)

2016 – 2019

Thakur Institute of Management Studies, Career Development and Research · Mumbai, India

Bachelor of Science (B.Sc.), Computer Science

2012 – 2016

Kishinchand Chellaram College · Mumbai, India

CERTIFICATIONS

- Goethe-Zertifikat A1: German language certification, Goethe-Institut — currently pursuing B1.
- ISTQB Certified Tester, Foundation Level (2017).
- Agile methodology certification (Infosys).
